# Wireless Multifunction Refillable Ink Tank Printer with Low-Cost Ink Bottles

This high-performance 3-in-1 printer combines low-cost printing with an easy wireless setup and effortless maintenance, alongside being compatible with low-cost ink bottles for greater cost efficiency.

**UP TO 8,100*** COLOUR PAGES

**UP TO 7,600*** MONO PAGES
*Economy Mode

COMPATIBLE WITH **LOW-COST INK BOTTLES**

**WIRELESS CONNECTIVITY**

### COMPATIBLE LOW-COST INK BOTTLES

Small and standard ink bottles are available to meet the different requirements in print volume.

*Published highest yield is achievable based on Standard ink bottle and printing on 1 economy mode. For more details, refer to specifications on underside of leaflet.

### EASY, HASSLE-FREE INK REFILLING

Ink refilling is now made easy. Each ink bottle nozzle is designed to fit seamlessly only into the designated ink tank, eliminating potential mixing accidents.

### EASY MAINTENANCE

The easy-to-replace maintenance cartridge makes maintenance fuss-free and extends the printer's lifespan even when printing in high volumes.

### MOBILE AND CLOUD PRINTING

Print from smartphones, tablets, laptops and cloud storage with the Canon PRINT Inkjet/SELPHY and Easy-PhotoPrint Editor apps.

| | User Replaceable Maintenance Cartridge | | | MC-G04 |

Specifications are subject to change without notice.

[*1] Ink droplets can be placed with a pitch of 1/4800 inch at minimum.

[*2] Document print speeds are the averages of ESAT (Word, Excel, PDF) in Office Category Test for the default simplex mode, ISO/IEC 24734.
Photo print speed is based on the default setting using ISO/JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer.
Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.

[*3] TWAIN driver (ScanGear) is based on the TWAIN specification V1.9 and requires the Data Source Manager comes with the operating system.

[*4] Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard. Optical resolution scan is available, only when you use TWAIN Driver.

[*5] Copy speeds are the average of sFCOT and sESAT, ISO/IEC 29183.
Copy speed may vary depending on document complexity, copy mode, page coverage, type of paper used etc. and does not take into account warm up time.

[*6] Operation can only be guaranteed on a PC with a pre-installed Windows 7 or later.

[*7] When copying ISO/JIS-SCID N2 (printed by inkjet printer) on A4 size plain paper using default settings.

[*8] Page yields may vary depending on content coverage, print settings, temperature, humidity, and frequency of printing.
Package contains GI-71S (Black, Cyan, Magenta, and Yellow) ink bottles.

[*9] Declared yield value is the estimated value based on Canon individual test method using the ISO/IEC 24712 colour chart and continuous printing simulation with the replacement ink bottles after initial setup.
The colour yield is based on 1 set of composite colour bottles.

[*10] The Economy mode reduces the ink consumption by lowering the density. More pages can be printed using this mode.

[*11] Declared yield value is the estimated value based on Canon individual test method using the ISO/IEC 29103 chart and continuous printing simulation with the replacement ink bottles after initial setup.
Black ink is not used when printing under this condition. However, a minimal amount of black in is used for maintenance purposes.
